# CONFERENCE MISSION

The Air and Space Power Association has been invited by the MOD Space and Cyber Policy Team and Royal Air Force Space Command to run another Defence Space Conference in May 2022. The conference will be held over 2 days 10 & 11 May, at IET and online, and will bring together a broad cross-section of the Space community: UK Government departments, civilian and military, industry, academia and international. The objectives for the conference are:

- Explain UK MOD developments/plans on space and current thinking
- Seek innovative input for futures thinking
- Provide thought leadership on current hot issues
- Demonstrate level of collaboration with allies for strategic messaging
- Enable meetings between MOD / Services and industry/other nations to enhance dialogue
